OBJECTIVE

To complete my apprenticeship within the Commonwealth of Massachusetts, which initially began in the State of Connecticut. I want to solidify the things I know, learn more to fill in the gaps, and learn more about the rules and regulations regarding piercing in Massachusetts.

EXPERIENCE

Atlantis Body ArtsTattooing/Piercing ApprenticeshipMilford, CT2002 - 2003At Atlantis, I did mostly piercing, but also began a tattooing apprenticeship. While I am an accomplished
artist and flash illustrator, piercing is more my passion.

Studio Zee April 2010 – May 2010 Piercing Apprenticeship

New Haven, CT

At Studio Zee, I apprenticed under Alicyn. My apprenticeship was abruptly ended due to the previous apprentice, who was on medical leave, returning to finish his time up. During my brief time there, I learned a lot under Alicyn and solidified my desire to pursue this as a life-long career.

CERTIFICATIONS

Have previously acquired my certifications in CPR, First Aid, and Blood Borne Pathogens. I am scheduled to renew my certifications on August 11, 2010 at the Red Cross training center in Northampton, MA.
